

# VigliancoHoops training at OSA

My name is Thomas Viglianco and I provide basketball player development for all ages! The VigliancoHoops brand started several years ago in Lincoln, Nebraska and in just a few short years it's grown into something special around the state of Nebraska and the Midwest! I'm from Alabama but currently call Nebraska my home. I was a former top 150 player out of HS while playing on one of the best AAU teams in the country! I played Division 1 basketball at two colleges and later played professional basketball in Europe for nine years. I work with many of the best College, High School and Middle School players in the state of Nebraska and have over 20 players I've helped get D1, D2, JUCO & NAIA scholarships.

I am now working directly with OSA to provide one hour training sessions on Mondays, with a strong emphasis on skill work, fundamentals, and 1on1, 2on2, and 3on3 situations, helping each student become a better player on and off the court!

## TRAINING SESSION PRICING:

1 on 1 session - \$65 per player

2-3 players - \$45 per player

4-6 players- \$35 per player

### **Here's what a few high-level coaches, players & parents are saying about Thomas Viglianco!**

"I had the opportunity to work with Thomas for the last few years, and he has not only taught me and helped me with basketball, but he has been a mentor and teacher for me off the court. He has always encouraged me, and he's been a teacher, a friend and a role model for me. He has worked with my brothers and myself, and I can confidently say that he helped each of us in a different way that we needed at that time. He gave me the confidence that I needed and he believed in me when I was struggling, and for that, I will always be thankful." ~ **Creighton Women's Basketball, Lauren Works**

"I played professionally with Thomas in the top league in Italy. I have had the opportunity to play and work out with many NBA players and Pros from overseas. Thomas, much like myself, has dedicated himself to becoming a student of the game. He pays close attention to detail and takes pride in getting better on and off the court. Not only is he a great player but he is a great role model for children. Thomas is a fine example of this and having your son or daughter work with him will help them obtain their goals on and off the court." ~ **Villanova Assistant Coach, Mike Nardi**

"I have enjoyed having the opportunity to get to know Thomas over all the years. His love and passion for the game of basketball is inspiring. He is a true professional, and it would be a privilege to work with him or be taught by him. I wish nothing but the best for him in his professional career on and off the basketball court." ~ **Auburn Women's Assistant Coach, Alli Smalley**

"I could not recommend a better person and friend to mold our youth to become better people both on and off the basketball floor. I have had the pleasure of working out and playing with Thomas on a professional level in Italy. He has always been a professional and knows the game of basketball and more importantly knows how to teach the game of life." ~ **BJ McKie All-time leading scorer South Carolina Gamecocks**

"Since you showed my son the video of his shot & really focused in detail on the mechanics with his shot, he's starting to figure it out. The last few weeks it's like a light has turned on & I've never seen him shoot like he has the last several weeks! Thank you, Thomas!" ~ **Parent of Vhoops Player**

"Thomas has helped my daughter grow tremendously as a player. Since working with him weekly, her skills have improved & her mindset towards the game has grown leaps and bounds! ~ **Parent of Vhoops Player**
