## ELITE VS SELECT OSA TEAMS... WHAT IS THE DIFFERENCE?

Once evaluations are completed after tryouts have concluded, players will be divided into their respective teams and those teams will be posted on our website. Athletes will either be selected to an ELITE team or a SELECT team. The number of ELITE and SELECT teams will vary depending on grade level. Both ELITE and SELECT teams will be provided the same opportunities to work with our OSA professional staff during practices and skill sessions. What is the main difference between the two? ELITE teams will travel more than our SELECT teams, thus resulting in increased fees for players on ELITE teams.

## WE ARE HERE TO HELP BUILD, SUPPORT, AND PROVIDE OPPORTUNITIES!

Our philosophy here at OSA will allow your athlete to take their game to the next level! Our goal is to provide your son/daughter with the necessary tools to build confidence, thus allowing them to perform at a high level and become the best version of themselves! Through their journey this spring and summer, providing support is something we as coaches and directors will hang our hat on.

**HIGH SCHOOL:** We know that many of our high school athletes aspire to play at the next level. We are here to assist in those conversations with your sons/daughters. The number of relationships we have established with coaches at all levels of collegiate basketball is something we are proud of! Whether it's locally or around the country, you won't find a more well-connected staff than we have here at OSA. We will provide our players with the best opportunities to play in front of the right fit of college coaches! All of our high school athletes will be playing during all four of the NCAA certified live-period weekends and in front of a variety of coaches. We want to provide our kids with as many exposure opportunities as possible and based on the tournament schedules we have put together; we feel like we have provided a top-notch platform to do so!

**YOUTH ATHLETES:** OSA teams will play a schedule that is competitive and challenging but at the same time fits their team's abilities. Players will be challenged by competing against teams from the Midwest and beyond and being exposed to different skill sets and styles of play. Players can expect to compete against a diverse number of teams that play a variety of styles. If your son/daughter is looking to compete and be challenged, we will provide that! If your son/daughter is ready to grow as a person and player due to being in adverse situations, we encourage you to join us! We will provide your athlete with all the necessary tools that will build their confidence, grow their love of the game, and help transition them to make an impact as they get into high school!

## WHAT'S NEW - NXTSTAT

All OSA athletes have access to NXTSTAT as part of their fees. What is NXTSTAT? It's a sport science testing program that allows players to know intelligent data about their body and how it benchmarks vs their age group. Please visit [NXTSTAT.COM](http://NXTSTAT.COM) to learn more about this exciting and ground breaking program!

## COMMUNICATION

All communication between coaches and parents will be through the TeamSnap mobile app. Please download this app at your earliest convenience. Team Snap not only allows for quick communication but all information regarding practices, skills training, tournament schedules, etc. is all uploaded into one place and is very user friendly.

## TOURNAMENT SCHEDULES

Teams will be assigned to play an Elite team or Select team schedule. At most grade levels, we expect to have multiple teams assigned to the Elite team schedule and multiple teams assigned to the Select team schedule. Schedules can be found on our website when finalized. (Please note these are subject to change with adequate notice due to appropriateness of competition). Schedules will also be uploaded into Team Snap. Please download the Team Snap at your earliest convenience.

## PRACTICES/TRAINING

Teams will practice twice a week throughout the spring/summer season. Each practice will focus on a combination of offensive and defensive concepts that will enable your athlete to grow and become more confident in their skills as a basketball player. In addition to these offensive and defensive concepts, we pride ourselves on providing high level skill development. ALL players are taught ALL skills and are encouraged to utilize those skills in competitive situations. All OSA team practices are run with great pace and consist of high energy, resembling upper-level high school or collegiate level practices! Additionally, we are adding training for your athlete this year, which is included in your fees.

\*Note: High School teams will take June off from practices and competition to allow athletes to focus on their high school teams\*
